

## Clearly Spectacular Architecture.

## Award Winning Design.

Glass. Steel. Clarity. Strength. Architectural Award winning Vere was created to embody the sophistication of New York. Design and features normally found in high-end Manhattan residences have been brought to this address on Jackson Avenue. They include full glass curtain wall construction, unique exposed geometric framework that allows space to flow through the structure, soaring ceiling heights, and advanced heating and cooling systems, and designer lobby. Vere is large and bold enough to command presence from afar, yet small enough to have a sense of intimacy up close. Vere is modern boutique living in the finest sense of the word.
